CHEAP SHINGLES. BRING ON YOUR TIMBER. HE subscriber respectfully informs the public that he has purchased the right to use in Holmes county

Bayard's Shingle Machine! Which, where used is acknowledged to be the best Joint Shingle Machine in use. These shingles are better and cheaper than those made by hand; firstly, because they are uniform in size and do not warp or draw; and secondly because the shingles made from a cord of timber will lay as ssuch more roof as the lap shingles will from the same amount of timber.

Persons desiring shingles made will prepare their timber in bolts and deliver it at the Board Yard of Hull & Enos, Millersburg, O. Shingles cut for \$1.25 per 1000. Shingles made of all the timbers of which they are usually made. Shingles made of all the transfer of shingles will have it steamed on the ground, as I have erected a steaming sox for that purpose.

Wherever this Machine has been in use the shingles manufactured by it have taken the place of lap shingles. Dec. 6, 1860.—16

Blood Purifier and Blood Pills.

WHEN Dr. Roback, the celebrated Swedish Physician, introduced his Blood Purifier and Blood Pilis in the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken one of his hands. Enlightenen men whose charefer for sound judgment and philosophy gives their opinions weight in the community, men who observe, reflect, and make "assurance doubly sure," before they decide—are everywhere approving and urging the use of these wonderful Proparations. All who confide in the wisdom and honesty of this class, or who chose to investigate for themselves are now of one mind on this important subject.

Br. Roback invites the attention of the sick the

Benr in mind that the Scandinavian Vegetable Blood Pills are endorsed by the experience of thousands offiving witnesses, who in letters, affidavits, medical words, and by word of mouth, proclaim them to be the very best preparation of the kind ever offered to the broken down victims of ill health. They hunt disease through every avenue and organ of the system, and to expel it thoroughly and permanently.
